

## Observatory on the Protection of Taxpayers' Rights

Below you will find a questionnaire filled in by Masato Ohno, Professor at the *Meiji University* and National Reporter of Japan.

This set of questionnaires comprise the National Reporter's assessment on the country practice during 2019 in the protection of taxpayers' rights (Questionnaire # 1), and the level of fulfilment of the minimum standards and best practices on the practical protection of taxpayers' rights identified by Prof. Dr. Philip Baker and Prof. Dr. Pasquale Pistone at the 2015 IFA Congress on "*The Practical Protection of Taxpayers' Fundamental Rights*" (Questionnaire # 2). These questionnaires were filled in considering the following parameters:

1. *For Questionnaire # 1*, an assertive assessment (yes/no) was required on the effective implementation in domestic law of 82 legal safeguards, guarantees and procedures relevant in 12 specific areas for the practical protection of taxpayers' rights, as identified by Baker & Pistone in 2015. This line of questioning aims to get an overview of the state of protection of taxpayers' rights in the country in 2019.
2. *For Questionnaire # 2*, an impartial, non-judgmental evaluation was required on the developments, either of improvement or of decline, in the level of realisation of 57 minimum standards and 44 best practices, distributed into 87 benchmarks for the practical protection of taxpayers' rights. In this regard, a summary of events occurred in 2019 (legislation enacted, administrative rulings, circulars, case law, tax administration practices), that serve as grounds for each particular assessment, was also required.

# IBFD Observatory on the Protection of Taxpayers' Rights

Dear National Reporter,

On behalf of Prof. Dr. Philip Baker and Prof. Dr. Pasquale Pistone, I would like to thank you for your participation in the IBFD's Observatory on the Protection of Taxpayers' Rights (OPTR).

As you are aware, the OPTR aims to keep track of the developments in the practical protection of taxpayers' rights around the world. We intend to do so through the valuable and timely information you are kindly supplying, as member of your country's group of experts. Practitioners, tax authorities, academics and the judiciary of each surveyed country form national groups, to obtain a neutral, balanced report on the situation of taxpayers' rights in these countries.

Following you will find two questionnaires, of twelve sections each, aiming to compile relevant information regarding the level of practical implementation of the minimum standards and best practices of 12 taxpayers' rights, as identified by Prof. Dr. Baker and Prof. Dr. Pistone in Basel, 2015. We kindly ask you to fill them out completely, according to the instructions provided at the beginning of each questionnaire.

We would be very grateful if you submit us this questionnaire, duly filled out, by no later than 17 January 2020. We remain at your disposal for any clarification you may need.

We look forward to your valuable contribution to what we believe is an extraordinary project!

Kind regards,

Prof. Dr. Carlos E. Weffe  
Managing Editor  
IBFD Observatory on the Protection of Taxpayers' Rights.
