## INTERNATIONAL TAXATION CONFERENCE - 2016

### Foundation for International Taxation

December 1 – 3, 2016

The International Taxation Conference is organized each year since 1995 by Professor Roy Rohatgi. Over the years it has established itself as one of the leading technical conferences on the subject globally. This year is the “21<sup>st</sup> Taxation Conference”. This annual international Conference is run by an independent not-for-profit foundation along with leading Indian professionals. As a registered charitable trust in India it needs financial support to organize the conference and its educational activities on international taxation.

Besides support for the Foundation’s objectives, this conference offers an excellent opportunity to our supporters to market and network themselves with senior tax professionals in India and abroad. It is a truly international conference and prides itself on the high quality of its technical content and organization. At the 2015 Conference, there were around 500 participants from India and abroad. They comprised leading professionals (e.g. accountants and lawyers), corporate finance executives and senior Indian and foreign tax officials. They include both a group of individuals as well as persons of influence within the profession, business community and tax administration. We invite you to join us at this conference as a financial supporter. Details of the various schemes and the form are attached. We will send you the remittance instructions when we receive your completed form. (We have been advised that no Indian service tax is applicable on amounts payable by foreign supporters. The amounts payable by Indian supporters are exclusive of service tax as they pay it under reverse charge and claim an input credit)
